

**God has preserved  
His NT Greek Text  
for you!**

**"For assuredly I say to you, until heaven and earth pass away, not one iota nor one tittle shall pass away from the Law until everything happens."**

**- Matthew 5:18 SCS**

**"I myself testify to everyone who hears the words of the prophecy of this book: If any one adds to them, may God add to him the seven plagues written in this book! And if anyone takes away from the words of the book of this prophecy, may God remove his share from the tree of life and out of the Holy City, that stand written in this book!" - Revelation 22:18,19 SCS**

## Good News

God has used **faithful and incredibly detail-oriented scribes** to preserve both the original Old Testament (OT) and New Testament (NT) Bible text in a **blockchain-like manner**. The original text is called the Family 35 text or Kr.

## Bad News

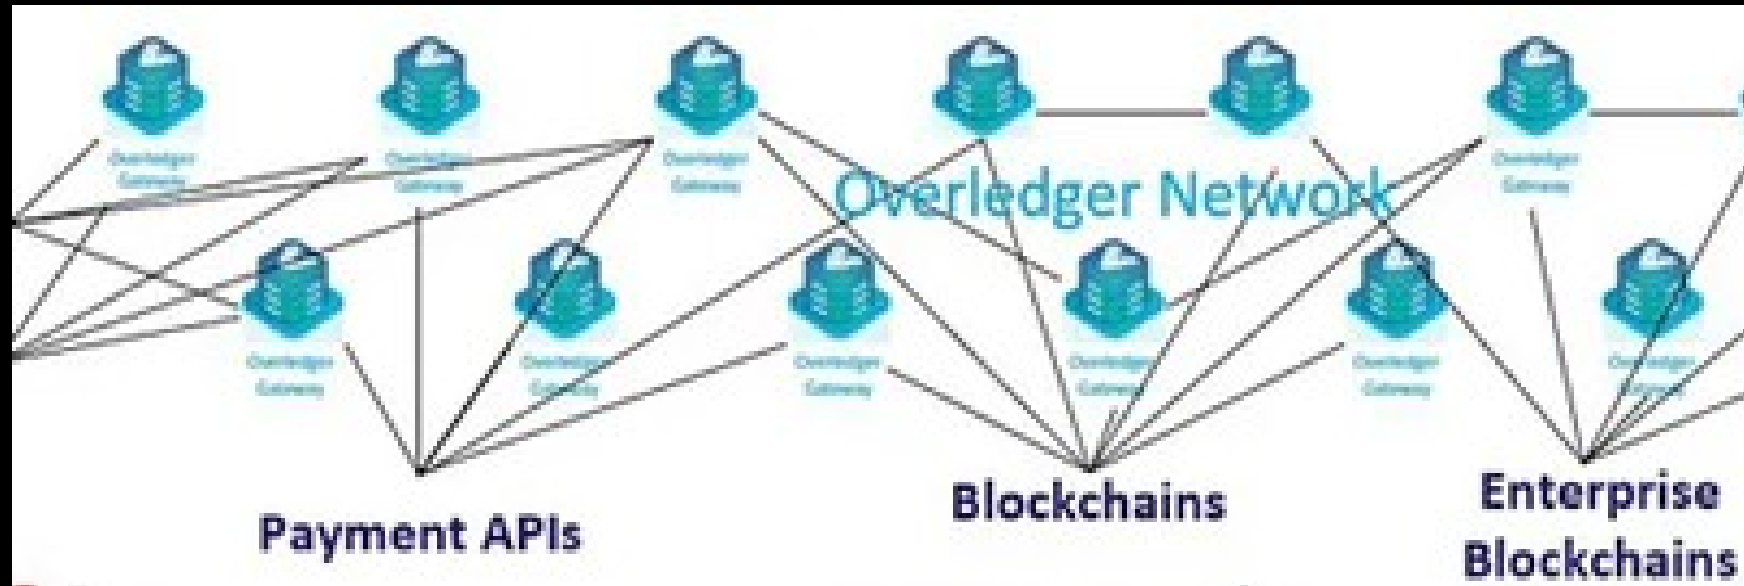

Most modern translations of the NT are based on corrupted Greek text concocted by **two false apostles from a secret society** in 1881.

# Good News

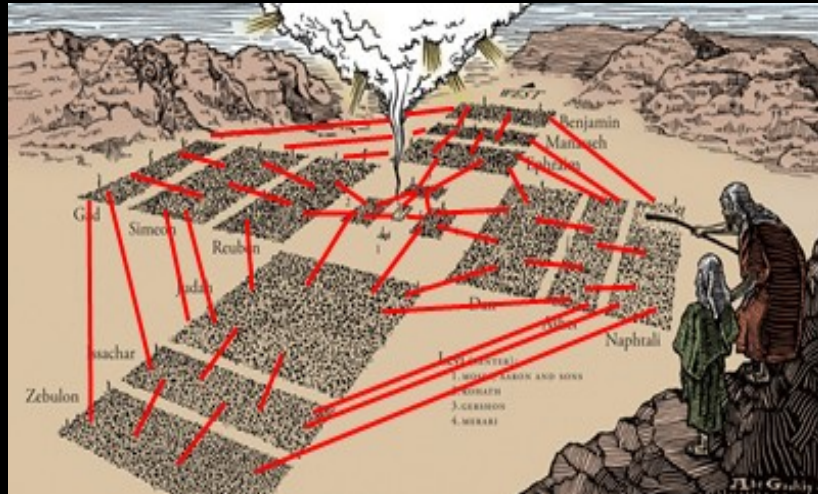

**Perfect copies** of the original Greek NT text have been found through the manual process of **praying** and **carefully comparing** thousands of manuscripts (not through using AI)

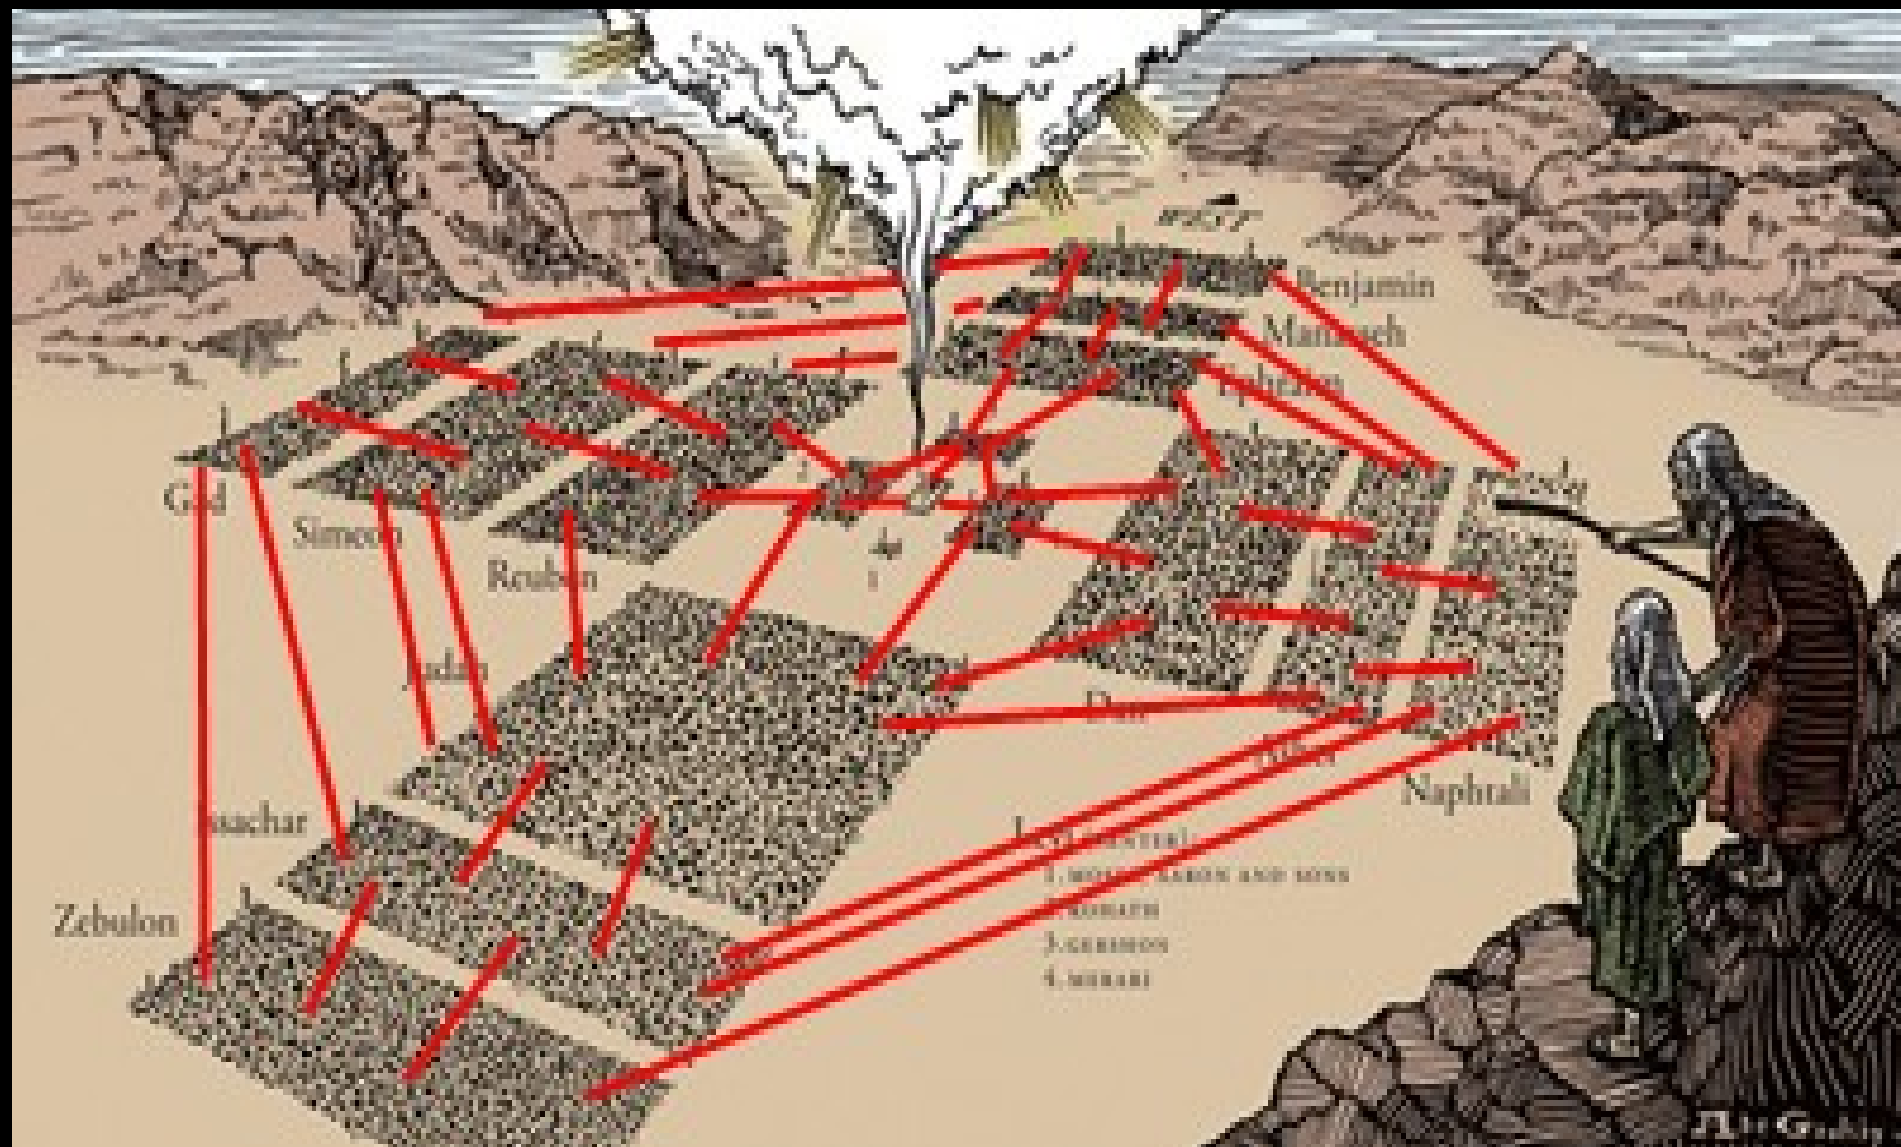

Many languages have an NT translation based on the **Majority (Byzantine) Greek Text**, and English and Tagalog translations can be downloaded for free.

# Important concepts

1. The apostles knew they were writing Scripture.
2. The apostles knew that colleagues were writing Scripture.
3. Their contemporary Christians immediately recognized that those writings were Scripture.
4. Therefore, they were concerned with their protection and preservation (this is demonstrable), as Jews had this quality.

5. The proliferation of perfect or well-made copies started right away.
6. There was a normal transmission of those writings from the beginning and down through the centuries, mainly in the Heartland of the Church, the Byzantine Empire
7. Thus, the original wording was never lost, and  
electicism (“pick and choose”) should not be  
applied to the study of NT Scripture.
